2. To fix the number of directors of the Company at seven;
3. To elect directors of the Company for the ensuing year;
4. To appoint the auditors for the ensuing year and to authorize the directors to fix the remuneration to be paid to the auditors;
5. To approve amendments of the Company's stock option plan, restricted share unit plan, and deferred share unit plan such that aggregate the number of common shares reserved for issuance under these plans shall not exceed 10% of the Company's issued and outstanding common shares on a "rolling" basis, as described in the accompanying information circular;
6. To approve certain stock option grants in excess of the number of stock options authorized under the Company's existing stock option plan, as described in the accompanying information circular; and

Any adjournment of the Meeting will be held at a time and place to be specified at the Meeting.

The information circular with respect to the Meeting is available online, as further described below. It provides additional information about the matters to be dealt with at the Meeting and is deemed to form part of this notice. Disclosure regarding the election of directors may be found in the section of the information circular entitled "Election of Directors", disclosure regarding the appointment of auditors may be found in the section of the information circular entitled "Appointment of Auditors", disclosure regarding equity compensation arrangements (including approval of specific option grants) may be found in the section of the information circular entitled "Additional Matters to be Acted Upon".

The information circular has been prepared to help you make an informed decision on each of the matters to be voted on at the Meeting. Please review the information circular carefully before voting.

The Company has elected to use the notice-and-access provisions under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice and Access Provisions**") for the Meeting. The Notice and Access Provisions allow the Company to post proxy-related materials both on SEDAR and a non-SEDAR website, rather than delivering the materials by mail. Shareholders will still receive this Notice of Meeting and a form of proxy (or voting instruction form, if applicable) and may choose to receive a paper copy of the information circular. The Company will not use procedures known as "stratification" in connection with the Meeting. Stratification occurs when a reporting issuer using notice-and-access provides a paper copy of the relevant information circular to some, but not all, shareholders with the notice package in relation to the relevant meeting.

The Meeting materials, including the information circular, are available on the Company's website at <https://norzinc.com/investors/presentations-events/> and will remain on the website for at least one full year from

the date of this Notice of Meeting. The Meeting materials are also available under the Company's profile on SEDAR at www.sedar.com.

Any shareholder who wishes to receive a printed paper copy of the information circular may request a copy from the Company by calling (866) 688-2001 or request by e-mail at IR@norzinc.com. If a shareholder requests a printed copy of the information circular prior to the date of the Meeting, the Company will send a printed paper copy of the information circular to the requesting shareholder at no cost to them within three business days of the request. If a shareholder requests a printed paper copy of the information circular after the date of the Meeting, the Company will send printed paper copies of the information circular to requesting shareholders at no cost to them within ten calendar days of their request. A shareholder may also contact the Company at the contact number or address above to request and receive a copy of the Company's financial statements and MD&A.

In order to allow for reasonable time to be allotted for a shareholder to receive and review a paper copy of the information circular prior to the proxy deadline, any shareholder wishing to request a paper copy of the information circular as described above, should ensure such request is received by July 28, 2021.

To obtain additional information about the Notice and Access Provisions, a shareholder may contact the Company by calling the following toll-free number: (866) 688-2001.

Due to continuing restrictions surrounding the coronavirus pandemic, shareholders are encouraged to complete proxies where possible or appropriate before considering attending the Meeting in person. If the Company decides to make any change, such as to the date or location, or to hold the Meeting solely by remote communication, the Company will announce the change in advance and post details, including instructions on how shareholders can participate, on SEDAR. At this time, the Company does not plan to provide a fully virtual or remote meeting due to cost, administrative and technical requirements. However, to listen to the Meeting, you can join by ZOOM, although joining by ZOOM shall not constitute attendance and does not entitle you to vote. The ZOOM particulars are as follows:

INFORMATION CIRCULAR

(As at June 30, 2021, except as otherwise indicated)

This Information Circular is furnished in connection with the solicitation of proxies by the management of NorZinc Ltd. (the “**Company**”) for use at the annual general meeting of the holders of common shares of the Company to be held on Wednesday, August 18, 2021 and at any adjournments thereof (the “**Meeting**”). The solicitation will be conducted by mail and may be supplemented by telephone, electronic or other personal contact to be made without special compensation by directors, officers and employees of the Company. The cost of solicitation will be borne by the Company.

NOTICE-AND-ACCESS

The Company has elected to use the notice and access provisions (“**Notice and Access Provisions**”) for the Meeting pursuant to National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) with respect to the mailing to its non-registered (beneficial) shareholders. The Notice and Access Provisions allow the Company to post proxy-related materials both on SEDAR and a non-SEDAR website, rather than delivering the materials by mail. Shareholders will receive a Notice of Meeting and a form of proxy or voting instruction form and may choose to receive a printed paper copy of the Information Circular.

The Company is not using procedures known as ‘stratification’ in relation to the Notice and Access Provisions. Stratification occurs when a reporting issuer using the Notice and Access Provisions provides a paper copy of the Information Circular to some, but not all, shareholders with the Notice of Meeting.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy for the Meeting are officers or directors of the Company (the “**Management Proxyholders**”).

A shareholder has the right to appoint a person other than a Management Proxyholder to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy in the accompanying form will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If no choice is specified and one of the Management Proxyholders is appointed by a shareholder as proxyholder, such person will vote in favour of the matters specified in the Notice of Meeting for this Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also confers discretionary authority upon the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this

Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc. ("**Computershare**"), Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of common shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the common shares they own are not registered in their names but are instead registered in the name of a nominee such as a brokerage firm, bank or trust company through which they purchased the common shares. More particularly, a person is not a registered shareholder in respect of common shares which are held on behalf of that person (the "**Non-Registered Holder**") but which are registered either: (a) in the name of an intermediary (an "**Intermediary**") that the Non-Registered Holder deals with in respect of the common shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. ("**CDS**")) of which the Intermediary is a participant. In accordance with the requirements of NI 54-101, the Company has distributed copies of the Notice of Meeting, the proxy and other materials (collectively, the "**Meeting Materials**") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Non-Registered Holders may be either "objecting beneficial owners" ("**OBOs**") or "non-objecting beneficial owners" ("**NOBOs**"), as such terms are defined in NI 54-101. The Company is not mailing directly to NOBOs and has forwarded the Meeting Materials to the Intermediaries to do so. The Company intends to pay for Intermediaries to deliver the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to the OBOs.

As stated above, Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and **deliver it to the Company's registrar and transfer agent** as provided above; or
- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a "**proxy authorization form**") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the common shares which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the Management Proxyholders and insert the Non-Registered Holder's name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing, including a proxy bearing a later date, executed by the registered shareholder or by his attorney authorized in writing or, if the registered shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective Intermediaries to revoke the proxy on their behalf.**

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as set out herein, to the knowledge of the management of the Company, no person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year, no proposed nominee of management for election as a director of the Company, and no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value, of which as at the record date for the Meeting, June 30, 2021, a total of 574,117,259 common shares were issued and outstanding. The holders of common shares are entitled to one vote for each common share held. Holders of common shares of record at the close of business on the record date for the Meeting will be entitled to receive notice of and vote at the Meeting. The Company has only one class of shares.

Other than as set out below, to the knowledge of the directors and executive officers of the Company, as at the record date for the Meeting, no person or entity beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to the common shares of the Company:

<u>Name of Owner</u>	<u>Number of Common Shares</u>	<u>Percentage</u>
RCF VI CAD LLC	282,042,450	49.1%

* Based on filings made on the System for Electronic Disclosures by Insiders (www.sedi.ca) website as of the Record Date.

MAJORITY VOTING POLICY DISCLOSURE

As required by the policies of the Toronto Stock Exchange (the "TSX"), the Board of Directors of the Company adopted a majority voting policy (the "**Majority Voting Policy**"). In accordance with the requirements of the TSX, the Majority Voting Policy provides as follows:

- In an election of directors, other than at a Contested Meeting (as defined below), any director who receives a greater number of shares withheld, than shares voted in favour of his or her election, must immediately tender his or her resignation ("**Resignation**") to the Board of Directors.
- The Board shall determine whether or not to accept the Resignation within 90 days after the date of the relevant meeting.

- The Board shall accept the Resignation absent exceptional circumstances.
- The Resignation will be effective when accepted by the Board.
- The director tendering the Resignation will not participate in any Board or committee meeting at which the Resignation is considered.
- The Company shall promptly issue a news release with the Board's decision regarding the Resignation and send a copy to the TSX.
- If the Resignation is not accepted, the news release shall fully state the reasons for that decision.

For the purposes of the Majority Voting Policy, a "**Contested Meeting**" is a meeting at which the number of directors nominated for election is greater than the number of seats available on the Board.

ELECTION OF DIRECTORS

Each director of the Company holds office until the next annual general meeting of shareholders or until his successor is elected or appointed.

At the Meeting, shareholders will be asked to fix the number of directors of the Company at seven.

No proposed director is to be elected under any arrangement or understanding between the proposed director and any other person or company, except the directors and executive officers of the Company acting solely in such capacity.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives of Executive Compensation

Compensation Committee and Compensation Philosophy

The Board has appointed a Compensation Committee which has responsibility for recommending compensation for the directors and senior management. In 2020, the Compensation Committee consisted of John Warwick, Ian Ward and Stephen Flewelling (all considered independent directors). The Compensation Committee's responsibilities and composition are described below under the heading "Corporate Governance Disclosure – Compensation Committee."

The general compensation philosophy of the Company for executive officers, including for the CEO, is to provide a level of compensation that is competitive within the North American marketplace and that will attract and retain individuals with the experience and qualifications necessary for the Company to be successful, and to provide short-term and longer-term incentive compensation, such as the award of incentive bonuses and restricted share units and grant of stock options, which aligns the interest of executives with those of shareholders and encourages senior management to have a direct and identifiable impact on the performance of the Company and to develop and implement a long-range strategy for the benefit of all the Company's stakeholders.

The Company is primarily engaged in the exploration and development of its Prairie Creek Mine (the "**Mine**") located in the Northwest Territories, Canada. The Company is considered to be in the exploration and development stage, given that the Mine is not in production and, to date, has not earned any significant revenues and does not generate revenues from operations. Accordingly, the Company is reliant upon funding from capital raising activities. Therefore, the use of traditional performance standards, such as corporate profitability, is not considered to be appropriate in the evaluation of corporate or executive performance. In addition, the Compensation Committee and the Board of Directors have to consider the financial situation of the Company in a wider context and involving the ongoing status of the Mine, when setting its executive compensation levels.

Historical Compensation Approach

Historically, the compensation of executive officers of the Company has been comprised primarily of cash compensation and the allocation of incentive stock options and restricted share units. In establishing levels of remuneration and in granting stock options and restricted share units, the Compensation Committee, having taken into consideration the financial position of the Company, reviews the executive's performance, level of expertise, responsibilities and length of service to the Company, as well as comparable levels of remuneration paid to executives of other companies of comparable size and development within the industry. When determining an element of compensation to be paid to a particular NEO, the Compensation Committee takes into account the amount of each other element of compensation that has been paid to that NEO.

Historically, the Compensation Committee relied on the general knowledge and experience of its members, and recommendations from senior management, in reviewing appropriate levels of compensation for executive officers and the implementation of, or amendment to, any other aspects of compensation that the Compensation Committee may review from time to time. All Compensation Committee members have relevant general, but not direct, experience in executive compensation and compensation policies and practices in the junior mineral

resources business gained through current and prior experience in business, the minerals industry and government. In addition, the Compensation Committee reviewed compensation levels within the industry primarily through the use of third-party industry compensation surveys. These reports typically included information for mining companies and assist the Compensation Committee in determining approximately the salary levels and other benefits in place across the industry.

In August 2018, the Committee hired Willis Towers Watson (“**WTW**”), a global compensation consultant, to compare the Company’s current levels of compensation with a large basket of organizations or a “Peer Group” in the same industry and of similar size and stage of development. Over the period August to September 2018, WTW developed the Peer Group for compensation benchmarking and to review the Company’s compensation practices relative to such Peer Group. The Peer Group was developed based on companies at a comparable stage of development and of relevant size (approximately half to double) to the Company based on market capitalization. Based on these criteria, the 12 companies that were included in the comparator Peer group were: Alexco Resource Corp.; Almaden Minerals Ltd; Aquila Resources Inc.; Foran Mining Corporation; Fortune Minerals Limited; Midas Gold Corp.; Nevada Copper Corp.; Noront Resources Ltd.; Polymet Mining Corp.; Titan Mining Corporation; Trilogy Metals Inc.; Victoria Gold Corp; and an additional 7 companies included in an “aspirational” group were: Ascendant Resources Inc.; Capstone Mining Corp.; Copper Mountain Mining Corporation; Imperial Metals Corporation; North American Palladium Ltd.; Sabina Gold & Silver Corp.; Taseko Mines Limited.

Using this information from the WTW report, the Compensation Committee conducted a review of the Company’s compensation for Named Executive Officers (“**NEO**” defined below under the heading “Summary Compensation Table”) with benchmarking relative to the identified Peer Group, and recommended compensation adjustments for executive officers.

The Committee also recommended instituting a formal method of evaluating performance involving the use of key performance indicators (KPIs) for executive officers. Goals and objectives for the Company were previously typically set through discussions at Board meetings, and senior management would then work to achieve these goals and objectives. Follow-up on progress would typically take place at subsequent Board meetings. This formal method using KPIs was implemented for evaluating the performance of the CEO and for all NEOs and senior officers.

Executive Compensation-Related Fees

The fees paid to WTW in the financial year 2018 are provided in the table below.

Independent Advisor Fees	\$61,000
All Other Fees	Nil
Total Fees Paid	\$61,000

Given the extensive work done in 2018, no independent compensation consultants were engaged in 2019 or in 2020 and no further fees were incurred.

Elements of Executive Compensation

There are three basic elements of NorZinc’s executive compensation program: base salary, short-term incentive (STI) awards and long-term incentive (LTI) awards.

Base Salary

The Company has traditionally provided executive officers with base salaries which represent their minimum compensation for services rendered during the fiscal year. Salary levels are based upon the executive’s experience, responsibilities and performance. Other elements of the Company’s compensation program are also considered when setting salary levels.

Base salaries are reviewed annually by the Compensation Committee to ensure executives are compensated in line with market and current role responsibilities.

Short-Term Incentive (STI) Awards

The Company has a formal annual short-term incentive bonus plan, which was formalized following the WTW compensation review in late 2018 and is based on the achievement of corporate and/or individual performance objectives. As part of this, the Compensation Committee instituted a formal method of evaluating the performance of the CEO involving the use of key performance indicators (KPIs).

Any award of a bonus to executive officers remains entirely at the discretion of the Board of Directors, based upon recommendations by the Compensation Committee. In considering the payment of any bonus to executive officers, the Compensation Committee takes into account the individual performance and efforts of the executive during the year, the progress made by the Company in furthering its business plan and the overall economic climate.

Annual STI award targets by position level are outlined in the following table:

	President & CEO	COO	CFO	VP, Project Development	VP, Exploration
Target STI (% of Base Salary)	45%	30%	25%	25%	15%
Award Range (% of Base Salary)	0 – 150%	0 – 150%	0 – 150%	0 – 150%	0 – 150%

These targets are subject to annual review taking into consideration the performance of the business, as well as any changes to the Company's compensation policies. The amount of the any short-term incentive awards payable shall be at the sole discretion of the Board of Directors.

In 2019, the Compensation Committee set the following KPIs for the CEO, agreed for the period from January 1 to December 31, 2019:

Weighting	
Corporate (60%)	
Financial	10%
Permitting	12.5%
Indigenous Groups	12.5%
Prairie Creek Mine	15%
Begin funding construction	10%
CEO-Specific (40%)	
Human Resources	15%
Marketing	10%
Raise capital	10%
Newfoundland assets	5%

Evaluation of the performance of the CEO in the period yielded an overall achievement of 100%, based on the following achievements:

- Received final all season road (ASR) permits for the Mine
- Negotiated the RCF VI CAD LLC \$8.0 million sale of a 1% royalty on Prairie Creek Mine
- Reported \$7.7 million gain on sale of royalty in Q4 2019
- Appointed Scotia Capital as streaming finance advisors
- Signed Traditional Lands Use Agreement for ASR

- Restructured the Company's management team, including appointment of a new VP, Project Development and new CFO

Based on this performance rating, the Compensation Committee awarded a cash bonus to the CEO of 45% of his base salary. The CEO agreed to defer payment of this award until such time as the Company has received an additional \$3 million of non-flow through equity financing.

Given the ongoing development of the Company, the KPIs for the CEO and other NEOs for 2020 and subsequent periods may differ from those set for 2019.

Long-Term Incentive (LTI) Awards

The Company awards long-term incentive (LTI) awards in the form of Restricted Share Units (RSUs) and stock options. The goal of the Company's long-term incentive award plans is to align executive compensation with the interests of our shareholders by providing an incentive to achieve superior long-term performance. In addition, the Company's LTI programs act as a critical retention tool and support the development of a culture of ownership and accountability.

In 2019, the Company adjusted the practice to issue LTI in a forward-looking capacity, rather than in arrears for the previous year's performance, as had been past practice.

Currently, the Company does not directly link executive compensation to total cumulative shareholder return, as the Company is not in active operations. Instead, the goals of the Company at this point in time are more qualitative and geared towards successfully progressing the development of the Mine. The Compensation Committee does, however, consider the financial position of the Company and the general economic situation when assessing compensation.

Effective June 30, 2021, the Board approved an omnibus long-term equity compensation arrangement to allow more flexibility in the combination of the types of compensation securities issued to NEOs and other plan participants. This compensation arrangement provides that the maximum aggregate number of shares that will be reserved for issuance or made issuable under the RSU Plan, DSU Plan and Stock Option Plan will be 10% of the issued and outstanding shares of the Company from time to time. These changes remain subject to shareholder approval. See "Additional Matters to be Acted Upon", below.

Restricted Share Units

In 2014, the Company adopted a Restricted Share Unit Plan (the "**RSU Plan**") for the benefit of the Company's employees, directors and consultants. The RSU Plan is intended to assist the Company in the recruitment and retention of highly qualified employees, directors and eligible consultants by providing a means to reward performance, to motivate participants under the RSU Plan to achieve important corporate and personal objectives and, through the proposed issuance by the Company of Common Shares under the RSU Plan, to better align the interests of participants with the long-term interests of Shareholders.

The Board uses Restricted Share Units ("**RSUs**") issued under the RSU Plan as part of the Company's overall executive compensation plan. Since the value of RSUs increase or decrease with the price of the Common Shares, RSUs reflect a philosophy of aligning the interests of executives with those of the Shareholders by tying executive compensation to share price performance. In addition, RSUs assist in the retention of qualified and experienced executives by rewarding those individuals who make a long-term commitment.

The RSU Plan is administered by the Compensation Committee. Each RSU awarded conditionally entitles the participant to receive one Common Share (or the cash equivalent) upon attainment of the RSU vesting criteria. The maximum number of Common Shares which may be reserved, set aside and made available for issuance under the RSU Plan is a variable number equal to 3% of the issued and outstanding Common Shares of the Company as of the date of the grant on a non-diluted basis.

For 2020, the Company granted a total of 3,520,020 RSUs to three executive officers, namely, the CEO, CFO and the COO. The RSUs granted vested immediately, subject to a payout date of 12 months, and an expiry date of 5 years.

Effective June 30, 2021, as part of its implementation of an omnibus long-term equity compensation arrangement, the Board adopted amendments to the RSU Plan to provide that the aggregate number of shares issuable under the plan, together with the Stock Option Plan and DSU Plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company as of the date of a grant on a non-diluted basis. These changes remain subject to shareholder approval.

Stock Options

The grant of stock options ("**Options**") to purchase common shares of the Company, pursuant to the Company's stock option plan, as amended on April 23, 2020 (the "**Stock Option Plan**"), is an integral component of executive officer compensation packages. The Stock Option Plan is administered by the Board of Directors, with option grants being recommended by the Compensation Committee to the Board. The Stock Option Plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to enable the Company to attract and retain individuals with experience and ability, and to reward individuals for current performance and expected future performance. Previous stock option grants are considered when reviewing executive officer compensation packages as a whole.

In 2019 a total of 4,390,209 stock options were granted to officers and directors of the Company. No stock options were exercised by officers or directors in 2019.

In 2020 a total of 6,666,705 stock options were granted to officers and directors of the Company. No stock options were exercised by officers or directors in 2020.

Effective June 30, 2021, as part of its implementation of an omnibus long-term equity compensation arrangement, the Board adopted changes to the Stock Option Plan to provide that the aggregate number of shares issuable under the plan, together with the DSU Plan and RSU Plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company as of the date of a grant on a non-diluted basis. These changes remain subject to shareholder approval.

Other Perquisites

The Company's health benefit plan is available to all full-time employees. The benefit plan is designed to protect the health of all employees and their dependents, and to provide coverage in the event of disability or death.

In 2020, the Company introduced a voluntary Registered Retirement Savings Plan ("**RRSP**") program, whereby the Company matches employee RRSP contributions up to a maximum of 4% of base salary.

Perquisites and personal benefits provided to executive officers reflect competitive practices and particular business needs. They are not considered a material component of the executive compensation program.

Other Matters

The Compensation Committee is responsible for considering the risks associated with the Company's compensation policies and practices and has not identified any specific risks associated with the Company's compensation policies and practices that are reasonably likely to have a material adverse effect.

Because of the current scale and scope of the Company's operations, and the limited number of senior management and employees, and the oversight by the Board of all significant activities, including risk management, the Compensation Committee does not believe that the Company's compensation policies and practices would encourage any executive officer to take inappropriate or excessive risk.

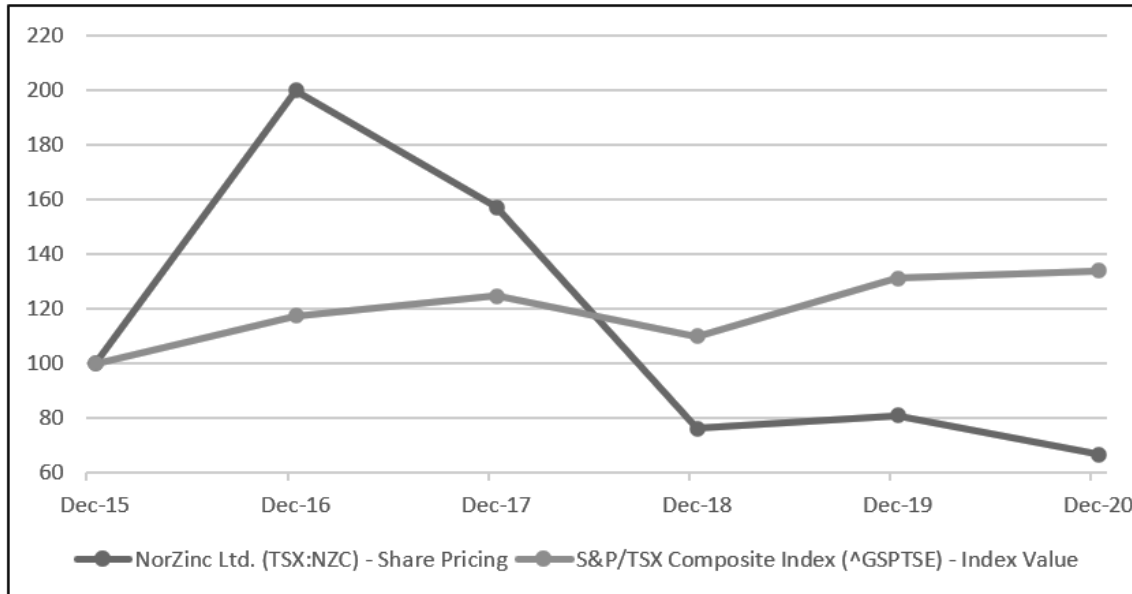

The Company has not prohibited its executive officers or directors from purchasing financial instruments that are designed to hedge or off-set a decrease in market value of any securities of the Company granted as compensation or held, directly or indirectly, by an executive officer or director.

Stock Option Plan

Under the Stock Option Plan, options to purchase common shares of the Company may be granted to employees, officers and directors of the Company or subsidiaries of the Company and other persons or companies engaged to provide ongoing management or consulting services for the Company or any entity controlled by the Company. In determining the number of common shares of the Company subject to each option granted under the plan, consideration is given to the present and potential contribution by such person or company to the success of the Company and the appropriate number and percentage of options that should be awarded and held by each party granted options relative to the total number of shares issued and stock options granted.

At December 31, 2020, there were 16,501,891 stock options outstanding, representing approximately 3.0% of the Company's issued and outstanding common shares as of December 31, 2020. The Company may grant an additional 5,598,109 stock options, equal to approximately 1.0% of the Company's issued and outstanding Common Shares as at June 30, 2020. At the Annual General Meeting held on June 4, 2020, shareholders approved the amendment of the Stock Option Plan to increase the number of Common Shares reserved for issuance under the Stock Option Plan by 3,800,000 common shares to 22,100,000 common shares.

The purpose of the Company's equity compensation plans is to attract and motivate directors, officers and employees of and service providers to the Company (collectively, the "Optionees") and thereby advance the Company's interests by affording such persons with an opportunity to acquire an equity interest in the Company through the stock options.

The Stock Option Plan authorizes the Board of Directors (or compensation committee) to grant Options to the Optionees on the following terms:

- Options may be granted to directors, officers and employees of the Company as well as persons or corporations engaged to provide services to the Company (or any entity controlled by the Company) and any individuals employed by such persons or corporations.
- The maximum number of Common Shares that may be reserved for issue under the Stock Option Plan is currently 22,100,000 Common Shares.
- The total number of Common Shares issuable to all insiders of the Company at any time, under all security based compensation arrangements of the Company, cannot exceed 10% of the Company's issued and outstanding Common Shares.
- The number of Common Shares issued to insiders of the Company as a group, within any one year period, under all security based compensation arrangements of the Company, cannot exceed 10% of the Company's issued and outstanding Common Shares as at the end of such one year period.
- The exercise price for Options granted under the Stock Option Plan must be not less than the closing market price on the day preceding the date of grant of the Options.
- Vesting of Options will be at the discretion of the Board of Directors, or any committee authorized by the Board of Directors to administer the Stock Option Plan.
- The maximum term of Options granted under the Stock Option Plan will be ten years from the date of

- grant, subject to extension in the event of a management imposed black-out period.
- Any outstanding Options with an expiry date occurring during a management imposed black-out period or within five days thereafter will be automatically extended to a date that is ten trading days following the end of the black-out period.
 - If an Optionee ceases to be eligible to receive Options under the Stock Option Plan as a result of termination for cause, any outstanding Options held by such Optionee on the date of such termination shall be cancelled as of that date.
 - If an Optionee ceases to be eligible to receive Options under the Stock Option Plan for reasons other than termination for cause (or death), any outstanding Options held by such Optionee at such time shall remain exercisable for a period ending on the earlier of the expiry time of such Option or three months after the Optionee ceases to be eligible to receive Options. Notwithstanding the foregoing, the Board of Directors may, on a case by case basis, allow such Options to remain in full force and effect until any time up to the original expiry time of such Options, irrespective of whether such expiry time is more than three months after the Optionee ceases to be eligible to receive Options.
 - Any outstanding Options held by an Optionee at the time of his or her death shall remain exercisable by the person or persons to whom the rights of the Optionee's Options are passed by the will of the Optionee or the laws of descent and distribution for a period ending on the earlier of the expiry date of such Options or one year after the Optionee's death.
 - The Board of Directors may from time to time, without shareholder approval and subject to applicable law and to the prior approval, if required, of TSX or any other regulatory body having authority over the Company or the Stock Option Plan, suspend, terminate or discontinue the Stock Option Plan at any time, or amend or revise the terms of the Stock Option Plan or of any Option granted under the Stock Option Plan to:
 - (a) make amendments of a clerical or typographical nature and to include clarifying provisions in the Stock Option Plan;
 - (b) implement features or requirements that are necessary or desirable under applicable tax and securities laws;
 - (c) change vesting provisions;
 - (d) change termination provisions for an insider provided that the expiry time does not extend beyond the original expiry time under the Stock Option Plan;
 - (e) change termination provisions for an Optionee who is not an insider beyond the original expiry time;
 - (f) reduce the exercise price of an Option for an Optionee who is not an insider; and
 - (g) implement a cashless exercise feature, payable in cash or securities;

provided that no such amendment, revision, suspension, termination or discontinuance shall in any manner adversely affect any Option previously granted to an Optionee under the Stock Option Plan without the consent of that Optionee. Any other amendments to the Stock Option Plan or Options granted there under will be subject to the approval of the shareholders.

- The Stock Option Plan does not contain any provisions relating to the provision of financial assistance by the Company to Optionees to facilitate the purchase of Common Shares upon the exercise of Options.
- Options granted under the Stock Option Plan are not assignable, but may be exercised by the personal representative of a deceased Optionee.
- The Stock Option Plan requires adjustments to the numbers of Common Shares which may be acquired and the exercise price of Options in the event the Company proceeds with certain changes or transactions in which the Company's share capital is altered, some form of corporate reorganization or special distribution is completed, a merger, amalgamation, spinout transaction, plan of arrangement, takeover bid, compulsory acquisition or going private transaction is completed. In such case the provisions typically entitle the Optionee to acquire, at the same aggregate price, the shares, cash, securities or other property to which the Optionee would have been entitled had the Optionee held the shares issuable under the Option before such transaction, with certain exceptions.

Restricted Share Unit Plan

Administration of Plan and Eligible Participants

The RSU Plan is administered by the Compensation Committee of the Board or such other Committee of the Board as may be designated by the Board (the "**Committee**"). Employees, directors and eligible consultants

of the Company and its designated subsidiaries are eligible to participate in the RSU Plan. In accordance with the terms of the RSU Plan, the Company, under the authority of the Board of Directors through the Committee, will approve those employees, directors and eligible consultants who are entitled to receive RSUs and the number of RSUs to be awarded to each participant. RSUs awarded to participants are credited to them by means of an entry in a notional account in their favour on the books of the Company. Each RSU awarded conditionally entitles the participant to receive one Common Share (or the cash equivalent) upon attainment of the RSU vesting criteria. The Committee may impose additional conditions to any particular RSU award.

RSUs Outstanding

During the year ended December 31, 2020, the Company issued 4,650,516 (2019 – 3,189,000) RSUs to senior officers and employees and redeemed 4,489,000 (2018 – 2,900,000) RSUs. The RSUs granted in 2020 vest 1 year after grant date; a payout date 1 day after it vests; an expiry date of 5 years; and are assigned a fair value based on the share price at time of issuance. At December 31, 2020, there were 4,529,438 RSUs outstanding, equal to 0.81% of the Company's issued and outstanding Common Shares (December 31, 2019 – 4,489,000 and 1.20%). At December 31, 2020, there were an additional 12,145,442 RSUs remaining available for issuance under the RSU Plan, equal to 2.19% of the Company's issued and outstanding Common Shares.

Maximum Number of Common Shares Available for Issue Under the RSU Plan

The maximum number of Common Shares which may be reserved, set aside and made available for issuance under the RSU Plan is currently a variable number equal to 3% of the issued and outstanding Common Shares of the Company as of the date of the grant on a non-diluted basis. The RSU Plan provides that the maximum number of Common Shares issuable to insiders pursuant to the RSU Plan, together with any Common Shares issuable pursuant to any other security-based compensation arrangement of the Company, will not exceed 10% of the total number of outstanding Common Shares. In addition, the maximum number of Common Shares issued to insiders under the RSU Plan, together with any Common Shares issued to insiders pursuant to any other security-based compensation arrangement of the Company within any one year period, will not exceed 10% of the total number of outstanding Common Shares (the "**RSU Insider Limit**").

Vesting

The vesting of RSUs is conditional upon the expiry of a time-based vesting period. The duration of the vesting period and other vesting terms applicable to the grant of the RSUs shall be determined at the time of the grant by the Committee.

Once the RSUs vest, the participant is entitled to receive the equivalent number of underlying Common Shares or cash equal to the Market Value of the equivalent number of Common Shares. The vested RSUs may be settled through the issuance of Common Shares from treasury by the delivery of Common Shares purchased in the open market, in cash or in any combination of the foregoing at the discretion of the Company. If settled in cash, the amount shall be equal to the number of Common Shares in respect of which the participant is entitled multiplied by the Market Value of a Common Share on the payout date. "**Market Value**" per share is defined in the RSU Plan and means, as at any date (if the Common Shares are listed and posted for trading on the TSX), the volume-weighted average price of the Common Shares traded on the TSX for the five (5) trading days on which a board lot was traded immediately preceding such date. The RSUs may be settled on the payout date, which shall be the third anniversary of the date of the grant or such other date as the Compensation Committee may determine at the time of the grant, which in any event shall be no later than the expiry date for such RSUs. The expiry date of RSUs will be determined by the Committee at the time of grant. However, the maximum term for all RSUs is two years after the participant ceases to be an employee or eligible consultant of the Company. All unvested or expired RSUs are available for future grants.

Cessation of Entitlement

Unless otherwise determined by the Company in accordance with the RSU Plan, RSUs which have not vested on a participant's termination date shall terminate and be forfeited. If a participant who is an employee ceases to be an employee as a result of termination of employment without cause, in such case, at the Company's discretion (unless otherwise provided in the applicable Grant Agreement), all or a portion of such participant's RSUs may be permitted to continue to vest, in accordance with their terms, during any statutory or common law severance period or any period of reasonable notice required by law or as otherwise may be determined by the Company in its sole discretion. All forfeited RSUs are available for future grants.

Transferability of RSUs

RSUs are not assignable or transferable other than by operation of law, except, if and on such terms as the Company may permit, to a spouse or minor children or grandchildren or a personal holding company or family trust controlled by a participant, the sole shareholders or beneficiaries of which, as the case may be, are any combination of the participant, the participant's spouse, minor children or minor grandchildren, and after the participant's lifetime shall enure to the benefit of and be binding upon the participant's designated beneficiary, on such terms and conditions as are appropriate for such transfers to be included in the class of transferees who may rely on a Form S-8 registration statement under the U.S. Securities Act of 1933, as amended, to sell Common Shares received pursuant to the RSU.

Amendments to the RSU Plan

The Board may, without notice, at any time and from time to time, without shareholder or RSU Plan participant approval, amend certain provisions of the RSU Plan in such manner as the Board, in its sole discretion, determines appropriate including:

- (a) for the purposes of making formal minor or technical modifications to any of the provisions of the RSU Plan;
- (b) to correct any ambiguity, defective provision, error or omission in the provisions of the RSU Plan;
- (c) to change the vesting provisions of RSUs;
- (d) to change the termination provisions of RSUs or the RSU Plan that does not entail an extension beyond the original expiry date of the RSU;
- (e) to preserve the intended tax treatment of the benefits provided by the RSU Plan, as contemplated therein; or
- (f) any amendments necessary or advisable because of any change in applicable laws;

provided, however, that:

- (g) no such amendment of the RSU Plan may be made without the consent of each affected participant if such amendment would adversely affect the rights of such affected participant(s) under the RSU Plan; and
- (h) Shareholder approval shall be obtained in accordance with the requirements of the TSX for any amendment that results in:
 - (i) an increase in the percentage of the outstanding Common Shares issuable pursuant to the RSU Plan;
 - (ii) an extension of the expiry date for RSUs granted to insiders under the RSU Plan;
 - (iii) other types of compensation through Common Share issuance;
 - (iv) expansion of the rights of a participant to assign RSUs beyond what is currently permitted in the RSU Plan;
 - (v) the addition of new categories of participants, other than as already contemplated in the RSU Plan;
 - (vi) a change in the issue price of Common Shares issuable pursuant to the RSU Plan benefitting an insider;
 - (vii) a change to the amendment provisions of the RSU Plan; or

Deferred Share Unit Plan

Administration of Plan and Eligible Participants

The Deferred Share Unit Plan (the “**DSU Plan**”) is used for the benefit of the Company’s non-executive directors. The Board may award Deferred Share Units (“**DSUs**”) under the DSU Plan to a non-executive director (each a “**Participant**”) in such number as the Board deems advisable to provide the director with appropriate equity-based compensation for the services he or she renders to the Company.

A DSU is a unit credited to a Participant by way of a bookkeeping entry in the books of the Company, the value of which is equivalent to a Common Share. All DSUs paid with respect to such awards will be credited to the director by means of an entry in a notional account in their favour on the books of the Company (a “**DSU Account**”). The Board shall determine the date on which such DSUs may be granted and the date as of which such DSUs shall be credited to the director’s DSU Account. The Company and a director who receives such an award of DSUs shall enter into a DSU award agreement to evidence the award and the terms applicable thereto.

Additionally, the DSU Plan provides that non-executive directors may elect to receive up to 50% of their annual compensation amount (the “**Annual Base Compensation**”) in DSUs. All DSUs paid with respect to Annual Base Compensation will be credited to the director’s DSU Account when such Annual Base Compensation is payable. The director’s DSU Account will be credited with the number of DSUs calculated to the nearest thousandth of a DSU, determined by dividing the dollar amount of compensation payable in DSUs on the payment date by the Share Price of a Common Share at the time. Share Price is defined in the DSU Plan and means (if the Common Shares are listed and posted for trading on the TSX) the volume-weighted average price of a Common Share on the TSX over the five (5) consecutive trading days immediately preceding the date of grant or the redemption date, as the case may be. Fractional Common Shares will not be issued and any fractional entitlements will be rounded down to the nearest whole number.

Generally, a participant in the DSU Plan shall be entitled to redeem his or her DSUs during the period commencing on the business day immediately following the date upon which the non-executive director ceases to hold any position as a director of the Company and its subsidiaries and is no longer otherwise employed by the Company or its subsidiaries, including in the event of death of the participant (the “**Termination Date**”) and ending on the 90th day following the Termination Date. Redemptions under the DSU Plan may be in Common Shares issued from treasury, may be purchased by the Company on the open market for delivery to the director, or may be settled in cash or any combination of the foregoing at the discretion of the Company. The Committee may impose additional conditions to any particular DSU award.

DSUs Outstanding

During the year ended December 31, 2020, the Company issued 2,965,071 (2019 – 1,321,535) DSUs to directors. As at December 31, 2020, a total of 5,207,271 DSUs remained outstanding, equal to 0.94% of the Company’s issued and outstanding Common Shares. As at December 31, 2020, there were 5,909,315 DSUs remaining available for issuance under the DSU Plan, equal to 1.06% of the Company’s issued and outstanding Common Shares. The DSUs are fully vested upon issuance; subject to the plan are paid out upon retirement and are assigned a fair value based on the five day volume weighted average share price upon issuance.

Maximum Number of Common Shares Available for Issue Under the DSU Plan

DSUs may be granted in accordance with the DSU Plan, provided the aggregate number of DSUs outstanding pursuant to the DSU Plan from time to time does not exceed 2% of the issued and outstanding Common Shares from time to time. The DSU Plan provides that the maximum number of Common Shares issuable to insiders pursuant to the DSU Plan, together with any Common Shares issuable pursuant to any other security-based compensation arrangement of the Company, will not exceed 10% of the total number of outstanding Common Shares. In addition, the maximum number of Common Shares issued to insiders under the DSU Plan, together with any Common Shares issued to insiders pursuant to any other security-based compensation arrangement of the Company within any one year period, will not exceed 10% of the total number of outstanding Common Shares (the “**DSU Insider Limit**”).

Transferability of DSUs

No right to receive payment of deferred compensation or retirement awards shall be transferable or assignable by any participant under the DSU Plan except by will or laws of descent and distribution.

Amendments to the DSU Plan

The Board may at any time, and from time to time, and without shareholder or DSU Plan participant approval, amend certain provisions of the DSU Plan, subject to any regulatory or stock exchange requirement at the time of such amendment, including:

- (a) for the purposes of making formal minor or technical modifications to any of the provisions of the DSU Plan including amendments of a “clerical” or “housekeeping” nature;

- (i) shareholder approval shall be obtained in accordance with the requirements of the TSX for any amendment:
 - (i) to increase the maximum number of Common Shares which may be issued under the DSU Plan;

- Review and monitor the Company's employee and management compensation and benefit plans and policies, provide oversight of any employee benefit plan, and review and approve the compensation of the Company's executive officers.
- Annually review and approve corporate goals and objectives relevant to CEO compensation, evaluate the CEO's performance in light of those goals and objectives and establish the individual elements of the CEO's total compensation based on this evaluation.
- Review and make recommendations to the Board with regard to grants and/or awards of restricted stock, stock options and other forms of equity-based compensation under the Company's stock option, incentive-compensation and equity-based plans (as applicable).
- Review and make recommendations to the Board, when and if appropriate, of employment agreements, severance agreements and change in control provisions / agreements for the CEO and other executive officers.

The Compensation Committee makes recommendations to the Board with respect to the compensation of the President and CEO. The Compensation Committee meets as requested by the Board or the CEO, or as considered desirable by the Compensation Committee. The Compensation Committee has the authority to retain independent advisors as it may deem necessary or appropriate to allow it to discharge its responsibilities.

Other Committees

In addition to the Audit Committee, the Nominating Committee and the Compensation Committee, the Board also has a Health, Safety & Social Committee comprised of Board members Anita Perry and Stephen Flewelling, along with the Prairie Creek Site Managers. The function of the Health, Safety & Social Committee is to review the Company's Health Safety & Social Policies, practices and programs, to oversee and regularly evaluate the Company's health and safety performance and to monitor and advise the Board on current and anticipated future best practices and regulatory issues relating to health and safety.

Assessment

The Board of Directors continuously reviews on an ongoing informal basis the effectiveness of the Board as a whole and the effectiveness, contribution and performance of the Board, its committees and individual directors. Each year, when it determines the number of directors to be elected at the annual meeting of shareholders, the Board considers its appropriate size and composition to properly administer the affairs of the Company and to effectively carry out the duties of the Board, given the Company's current status and stage of development.

Director Term Limits and Other Mechanisms of Board Renewal

The Company does not impose term limits on its directors. The Company believes term limits are an arbitrary mechanism for removing directors and can result in highly qualified and experienced directors forced out solely based on the length of their service.

Policies Regarding the Representation of Women

The Company has not adopted a written policy relating to the identification and nomination of female directors, as it believes that the interests of the Company would be best served by ensuring that new directors are identified and selected from the widest possible group of potential candidates. A formalized written diversity policy governing the identification and selection of potential female candidates may unduly restrict the Board's ability to select the best and most suitable candidate.

The Board is responsible for establishing qualifications and skills necessary for an effective Board and for various committees of the Board, including but not limited to factors such as professional experience, particular areas of expertise, personal character, potential conflicts of interest, diversity and other commitments.

Although diversity (which includes diversity in gender, age, ethnicity and cultural background) is one of the factors considered in the Company's director identification and selection process, other factors, including knowledge and relevant experience, or particular areas of expertise, are given greater consideration in the director identification and selection process. In light of the Company's view that candidates should be selected from the widest possible group of qualified individuals, the level of representation of women may be considered, but is not a major factor in identifying and nominating candidates for election to the Board.

In November 2018, Anita Perry was appointed to the Board of Directors. Shelley Brown was appointed to the Board of Directors in June 2019. On February 1, 2021, the Company appointed Claudine Lee, as the Vice President – Corporate Social Responsibility of the Company.

The Company's views with respect to the representation of women in executive officer positions when making executive officer appointments is the same as its views on the representation of women in the director identification and selection process. In making decisions as to executive officer appointments, the Company believes that decisions to hire or promote an individual should be based on that person's knowledge and experience, particular areas of expertise, character and merit. Accordingly, the representation of women in executive officer positions may be considered but is not a major factor when making executive officer appointments.

The Company has not adopted a target regarding the representation of women on the Board or in executive officer positions for the reasons set out above. The Company believes that adopting such a target may unduly restrict its ability to select, hire or promote the best and most suitable candidate for the position in question.

The Company currently has two female Board members (29%). The Company does not have any female executive officers.

AUDIT COMMITTEE DISCLOSURE

The Company's audit committee is governed by a written charter that sets out its mandate and responsibilities. A copy of this charter and the disclosure on the Audit Committee, including the qualifications and experience of its members, as required by National Instrument 52-110 *Audit Committees*, is contained under the heading "Audit Committee Information" in the Company's Annual Information Form dated March 30, 2021 for the year ended December 31, 2020 which may be viewed under the Company's profile on SEDAR at www.sedar.com.

APPOINTMENT OF AUDITORS

Unless such authority is withheld, the Management Proxyholders intend to vote for the re-appointment of KPMG LLP, as auditors of the Company for the 2020 fiscal year, and to authorize the directors to fix their remuneration.

ADDITIONAL MATTERS TO BE ACTED UPON

Omnibus Long-Term Equity Compensation Arrangement

Effective June 15, 2021, the Board approved an omnibus long-term equity compensation arrangement to allow more flexibility in the combination of types of compensation securities that may be issued. This compensation arrangement provides that the maximum aggregate number of shares that will be reserved for issuance or made issuable under the RSU Plan, DSU Plan and Stock Option Plan will be 10% of the issued and outstanding shares of the Company from time to time. In order to implement this compensation arrangement and subject to shareholder approval, the Board adopted amendments to the Company's Stock Option Plan, RSU Plan and DSU Plan, as described below. These changes will facilitate the Company's ability to attract and motivate directors, officers and employees of, and service providers to, the Company and thereby advance the Company's interests by affording such persons with an opportunity to acquire an equity interest in the Company through a combination of Options and RSUs or DSUs.

The Board has concluded that the approval of amendments to the Stock Option Plan, RSU Plan and DSU Plan is in the best interests of the Company and accordingly, the Board unanimously recommends that shareholders vote FOR each of the foregoing resolutions. Management proxyholders intend to vote FOR each of these resolutions, unless otherwise instructed on the proxy form.

To become effective, each of the foregoing resolution must be approved by an affirmative vote of at least a simple majority of the votes cast by shareholders at the Meeting.

Approval of Amendment of Stock Option Plan

Options are granted by the Company pursuant to the Stock Option Plan. The total number of Common Shares that can be issued under Option grants must also be approved by shareholders. The Stock Option Plan currently provides that the number of Common Shares reserved for issuance and which may be issued pursuant to the exercise of Options granted under the Stock Option Plan shall not exceed 22,100,000 Common Shares. This figure represents approximately 3.8% of the Company's issued and outstanding Common Shares as of the Record Date for the Meeting.

The Company is seeking shareholder approval for changes to the Stock Option Plan to provide that the number of Common Shares reserved for issuance and which may be issued pursuant to the exercise of Options under the Stock Option Plan, together with the RSU Plan and DSU Plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company as of the date of a grant on a non-diluted basis. These changes remain subject to shareholder approval. This change would result in (i) the aggregate number of Common Shares reserved for issue under the Stock Option Plan (but not already issued) being up to 10% of the outstanding Common Shares from time to time, being 57,411,725 Common Shares as of the Record Date for the Meeting, and (ii) 22,681,819 Common Shares being available for issuance immediately following such increase, representing approximately 3.95% of the Company's issued and outstanding Common Shares.

In accordance with s. 613(d) of the TSX Company Manual, the following table presents the annual burn rate of our Stock Option Plan for the three most recently completed fiscal years:

	2020 Burn Rate	2019 Burn Rate	2018 Burn Rate
Stock Option Plan	1.31%	1.52%	1.38%

Effective June 15, 2021, the Board of Directors of the Company approved an amendment of the Stock Option Plan such that the number of Common Shares reserved for issuance under the Stock Option Plan, together with the RSU Plan and the DSU Plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company as of the date of a grant on a non-diluted basis, subject to receipt of shareholder approval of such amendment. Accordingly, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"BE IT RESOLVED that the amendment of the Company's Stock Option Plan such that the number of Common Shares reserved for issuance under the Stock Option Plan, together with the RSU Plan and the DSU Plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company as of the date of a grant on a non-diluted basis, is hereby approved."

A copy of the proposed Stock Option Plan, reflecting the terms of the Stock Option Plan if the foregoing resolution is approved, is attached to this Information Circular as Schedule "A".

Approval of Amendment of RSU Plan

The RSU Plan was last approved by shareholders on June 27, 2017. For a description of the RSU Plan, see "*Statement of Executive Compensation – Incentive Plan Awards – Restricted Share Unit Plan*".

The RSU Plan currently provides that the maximum number of Common Shares which may be reserved, set aside and made available for issuance under the RSU Plan is a variable number equal to 3% of the issued and outstanding Common Shares of the Company as of the date of the grant on a non-diluted basis.

The Company is seeking shareholder approval for changes to the RSU Plan to provide that the number of Common Shares reserved for issuance and which may be issued or issuable under the RSU Plan, together with issuances under the Stock Option Plan and DSU Plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company as of the date of a grant on a non-diluted basis. This change would result in (i) the aggregate number of Common Shares reserved for issue under the RSU Plan (but not already issued) being up to 10% of the outstanding Common Shares as of the date of a grant on a non-diluted basis, being 57,411,725 Common Shares as of the Record Date for the Meeting, and (ii) 22,681,819 Common Shares being available for issuance immediately following such increase, representing approximately 3.95% of the Company's issued and outstanding Common Shares.

In accordance with s. 613(d) of the TSX Company Manual, the following table presents the annual burn rate of our Restricted Share Unit Plan for the three most recently completed fiscal years:

	2020 Burn Rate	2019 Burn Rate	2018 Burn Rate
RSU Plan	1.12%	0.86%	0.73%

Accordingly, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"BE IT RESOLVED that the amendment of the Company's RSU Plan such that the number of Common Shares reserved for issuance under the RSU Plan, together with the Stock Option Plan and the DSU Plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company as of the date of a grant on a non-diluted basis, is hereby approved."

A copy of the proposed RSU Plan, reflecting the terms of the RSU Plan if the foregoing resolution is approved, is attached to this Information Circular as Schedule "B".

Approval of Amendments to DSU Plan

The DSU Plan was last approved by shareholders on June 27, 2017. For a description of the DSU Plan, see "*Statement of Executive Compensation – Incentive Plan Awards – Deferred Share Unit Plan*".

The DSU Plan currently provides that the maximum number of Common Shares which may be reserved, set aside and made available for issuance under the DSU Plan is a variable number equal to 2% of the issued and outstanding Common Shares of the Company as of the date of the grant on a non-diluted basis.

The Company is seeking shareholder approval for changes to the DSU Plan to provide that the number of Common Shares reserved for issuance and which may be issued or issuable under the DSU Plan, together with issuances under the Stock Option Plan and RSU Plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company as of the date of a grant on a non-diluted basis. This change would result in (i) the aggregate number of Common Shares reserved for issue under the DSU Plan (but not already issued) being up to 10% of the outstanding Common Shares as of the date of a grant on a non-diluted basis, being 57,411,725 Common Shares as of the Record Date for the Meeting, and (ii) 22,681,819 Common Shares being available for issuance immediately following such increase, representing approximately 3.95% of the Company's issued and outstanding Common Shares.

The Excess Option Grants represent approximately 0.43% of the number of Common Shares outstanding on the Record Date for the Meeting. All of the Excess Option Grants have an exercise price of \$0.075, a term of 5 years from the date of grant (with the exception of Options granted to Don MacDonald, as described in Note (2) to the table below), a vesting schedule whereby one-eighth of the Options vest on the grant date and thereafter every three months beginning April 1, 2021. These Options were granted to the following directors and officers of the Company:

However, in accordance with the terms of the Stock Option Plan, the terms of the Options granted to Don MacDonald have been amended such that any Options that have vested may be exercised until May 3, 2023.

Accordingly, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"BE IT RESOLVED THAT the grant by the Company of an aggregate of 2,491,668, incentive stock options to directors and officers of the Company in excess of the number of Stock Options authorized under the Company's existing Stock Option Plan be and is hereby approved as follows:

	2,491,668

- (1) On May 3, 2021 Robert (Don) MacDonald ceased as President, Chief Executive Officer and a director of the Company.

Unless a shareholder specifies in the proxy that his, her or its common shares are to be voted against the ratification, confirmation and approval of the Excess Option Grants, the persons named in the accompanying form of proxy will vote the Common Shares represented thereby in favour of the foregoing resolution.

Section 2.02 Administration of the Plan: The Plan shall be administered by the Committee and the Committee shall have full authority to administer the Plan including the authority to interpret and construe any provision of the Plan and to adopt, amend and rescind such rules and regulations for administering the Plan as the Committee may deem necessary in order to comply with the requirements of the Plan. No member of the Committee shall be personally liable for any action taken or determination or interpretation made in good faith in connection with the Plan and all members of the Committee shall, in addition to their rights as Directors, be fully protected, indemnified and held harmless by the Corporation with respect to any such action taken or determination or interpretation made. Each Option granted to a Participant shall be evidenced by an Option Agreement containing terms and conditions consistent with the provisions of the Plan, which terms and conditions need not be the same in each case.

ARTICLE FOUR

NUMBER OF COMMON SHARES SUBJECT TO THE PLAN, EXERCISE PRICE AND TERM OF OPTIONS

Section 4.01 Number of Shares: At the time of grant of any option, the aggregate number of Common Shares reserved for issuance under this Plan, together with the Company's restricted share unit plan and deferred share unit plan, shall not exceed a variable number equal to 10% of the issued and outstanding Common Shares of the Company on a non-diluted basis.

Section 4.02 Limits on Grants to Insiders: With respect to Options granted to Insiders:

- (a) the number of Common Shares issuable to Insiders at any time under all security based compensation arrangements shall not exceed 10% of the total number of issued and outstanding Common Shares on a non-diluted basis at such time; and

- (b) the number of Common Shares issued to Insiders as a group within a one year period under all security based compensation arrangements shall not exceed 10% of the total number of issued and outstanding Shares as at the end of such one year period.

Section 4.03 Exercise Price: The price per share at which any Common Share which is the subject of an Option may be purchased (the "**Exercise Price**") shall be determined by the Committee at the time the Option is granted, provided that such price shall be not less than the closing market price of the Common Shares on the TSX on the day preceding the date of grant or, if the Common Shares are not then listed on the TSX, on the most senior of any other exchange on which the Common Shares are then traded, on the last trading day immediately preceding the date of grant of such Option.

Section 4.04 Term of Options: The Option Period for each Option shall be such period of time as shall be determined by the Committee, provided that no Option Period shall exceed 10 years except in the event that of an extension of the Expiry Time due to a black out period. The Committee may determine the number or percentage of Common Shares which may be purchased by an Optionee pursuant to the exercise of Options during any particular time period within the Option Period.

Section 4.05 Vesting: The Committee may, at its discretion, determine and impose terms upon which each Option shall become Vested. In the event that the Committee imposes a vesting schedule in respect of any Options granted to an Optionee, at any point in time the Optionee will only be entitled to exercise those Options which are Vested at such point in time. Notwithstanding the foregoing, in the event that a Pre-Existing Plan imposed vesting requirements on a Pre-Existing Option, such vesting requirements must be satisfied before any such Pre-Existing Options shall become Vested.

ARTICLE FIVE

An Option shall be exercisable by delivering to the Corporation written notice specifying the number of Common Shares in respect of which the Option is exercised together with payment in full of the Exercise Price for each Option exercised by way of certified cheque, bank draft, money order or cash. Upon receipt of such notice and payment by the Corporation, there will be a binding contract for the issue of the Common Shares in respect of which the Option is exercised, upon and subject to the provisions of the Plan. Upon an Optionee exercising an Option and paying the Corporation the aggregate purchase price for the Common Shares in respect of which the Option has been exercised, the Corporation shall as soon as practicable issue and deliver a certificate representing the Common Shares so purchased.

Section 5.02 Effect of Death: If a Participant shall die while an Optionee, any Option held by such Optionee at the date of death shall be exercisable in whole or in part only by the person or persons to whom the rights of the Optionee under the Option shall pass by the will of the Optionee or the laws of descent and distribution for a period of one year after the date of death of the Optionee or prior to the Expiry Time in respect of the Option, whichever is sooner, and then only to the extent that such Optionee was entitled to exercise the Option at the date of death of such Optionee.

Section 5.03 Effect of Ceasing to be a Participant – For Cause: If an Optionee shall cease to meet the criteria necessary to be a Participant as a result of being terminated for cause, as that term is interpreted by the courts of the jurisdiction in which the Optionee is employed or engaged, any outstanding Options held by such Optionee on the date of such termination, whether Vested or not, shall be cancelled as of that date.

Section 5.04 Effect of Ceasing to be a Participant – For Reasons Other than For Cause: If an Optionee shall cease to meet the criteria necessary to be a Participant for reasons other than termination for cause or by virtue of death, any Option held by such Optionee at such time shall remain exercisable in full at any time, and in part from time to time, for a period ending on the earlier of the Expiry Time and three (3) months after the date on which the Optionee ceases to be a Participant, and then only to the extent that such Optionee was entitled to exercise the Option on the date on which the Optionee ceased to be a Participant. Notwithstanding the foregoing provisions of this Section 5.04, the Committee may, on a case by case basis, allow Options held by an Optionee that ceases to meet the criteria necessary to be a Participant for reasons other than termination for cause or by virtue of death, to remain exercisable in full at any time, and in part from time to time, for such period as the Committee determines but not after the Expiry Time (without any additional Common Shares vesting) where such Expiry Time is more than three (3) months after the date on which the Optionee ceases to be a Participant.

Section 5.05 Withholding Taxes: The Corporation or any subsidiary of the Corporation may take such steps as are considered necessary or appropriate for the withholding of any taxes which the Corporation or any subsidiary of the Corporation is required by any law or regulation of any governmental authority whatsoever to withhold in connection with any Option including, without limiting the generality of the foregoing, the withholding of all or any portion of any payment or the withholding of the issue of Common Shares to be issued upon the exercise of any Option until such time as the Optionee has paid the Corporation or any subsidiary of the Corporation for any amount which the Corporation or subsidiary of the Corporation is required to withhold with respect to such taxes.

ARTICLE SIX

CAPITAL CHANGES

Section 6.01 Share Reorganization: Whenever the Corporation issues Common Shares to all or substantially all holders of Common Shares by way of a stock dividend or other distribution, or subdivides all outstanding Common Shares into a greater number of Common Shares, or combines or consolidates all outstanding Common Shares into a lesser number of Common Shares (each of such events being herein called a "**Share Reorganization**") then effective immediately after the record date for such dividend or other distribution or the effective date of such subdivision, combination or consolidation:

- (a) for each Option the Exercise Price will be adjusted to a price per Common Share which is the product of:
 - (i) the Exercise Price in effect immediately before that effective date or record date; and
 - (ii) a fraction, the numerator of which is the total number of Common Shares outstanding on that effective date or record date before giving effect to the Share Reorganization, and the denominator of which is the total number of Common Shares that are or would be outstanding immediately after such effective date or record date after giving effect to the Share Reorganization; and

- (b) the number of Unissued Option Shares will be adjusted by multiplying (i) the number of Unissued Option Shares immediately before such effective date or record date by (ii) a fraction which is the reciprocal of the fraction described in subsection (a)(ii).

6.02 Special Distribution: Subject to the prior approval of the TSX, whenever the Corporation issues by way of a dividend or otherwise distributes to all or substantially all holders of Common Shares;

- (a) shares of the Corporation, other than the Common Shares;
- (b) evidences of indebtedness;
- (c) any cash or other assets, excluding cash dividends (other than cash dividends which the Directors have determined to be outside the normal course); or
- (d) rights, options or warrants;

then to the extent that such dividend or distribution does not constitute a Share Reorganization (any of such non-excluded events being herein called a "**Special Distribution**"), and effective immediately after the record date at which holders of Common Shares are determined for purposes of the Special Distribution, for each Option the Exercise Price will be reduced, and the number of Unissued Option Shares will be correspondingly increased, by such amount, if any, as is determined by the Directors in their sole and unfettered discretion to be appropriate in order to properly reflect any diminution in value of the Option Shares as a result of such Special Distribution.

6.03 Corporate Reorganization: Whenever there is:

- (a) a reclassification of outstanding Common Shares, a change of Common Shares into other shares or securities, or any other capital reorganization of the Corporation, other than as described in Sections 6.01 or 6.02;
- (b) a consolidation, merger or amalgamation of the Corporation with or into another corporation resulting in a reclassification of outstanding Common Shares into other shares or securities or an exchange of Common Shares into other shares or securities; or
- (c) an arrangement or other transaction under which, among other things, the business or assets of the Corporation become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Corporation's shareholders, or the exchange with the Corporation's shareholders, of securities of the Corporation, or securities of another company, or both; or
- (d) a transaction whereby all or substantially all of the Corporation's undertaking and assets become the property of another corporation;

(any such event being herein called a "**Corporate Reorganization**") the Optionee will have an option to purchase (at the times, for the consideration, and subject to the terms and conditions set out in the Plan) and will accept on the exercise of such option, in lieu of the Unissued Option Shares which he would otherwise have been entitled to purchase, the kind and amount of shares or other securities or property that he would have been entitled to receive as a result of the Corporate Reorganization if, on the effective date thereof, he had been the holder of all Unissued Option Shares or if appropriate, as otherwise determined by the Directors.

6.04 Spin-Out Transaction: If pursuant to the operation of section 6.03(c) an Optionee receives options (the "**New Options**") to purchase securities of another company (the "**New Company**") in respect

of the Optionee's Options (the "**Subject Options**"), the New Options shall expire on the earlier of: (i) the Expiry Date of the Subject Options; (ii) if the Optionee does not become a Participant in respect of the New Company, the date that the Subject Options expire pursuant to Sections 5.02, 5.03 or 5.04, as applicable; (iii) if the Optionee becomes a Participant in respect of the New Company, the date that the New Options expire pursuant to the terms of the New Company's stock option plan that correspond to Sections 5.02, 5.03 or 5.04 hereof; and (iv) the date that is two (2) years after the Optionee ceases to be a Participant in respect of the New Company or such shorter period as determined by the Board.

6.05 Determination of Exercise Price and Number of Unissued Option Shares: If any questions arise at any time with respect to the Exercise Price or number of Unissued Option Shares deliverable upon exercise of an Option following a Share Reorganization, Special Distribution or Corporate Reorganization, such questions shall be conclusively determined by the Corporation's auditor, or, if they decline to so act, any other firm of Chartered Accountants in Vancouver, British Columbia, that the Directors may designate and who will have access to all appropriate records and such determination will be binding upon the Corporation and all Optionees.

6.06 Regulatory Approval: Any adjustment to the Exercise Price or the number of Unissued Option Shares purchasable under the Plan pursuant to the operation of any provision of this Article Six is subject to the approval of the TSX and any other governmental authority having jurisdiction.

ARTICLE SEVEN

TAKE-OVER BIDS AND CHANGES OF CONTROL

7.01 Effect of a Take-Over Bid: If a bona fide offer (an "**Offer**") for Common Shares is made to an Optionee or to shareholders of the Corporation generally or to a class of shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in the offeror becoming a control person of the Corporation, within the meaning of subsection 1(1) of the Securities Act, the Corporation shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon all Common Shares subject to such Option will become Vested and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Common Shares received upon such exercise, pursuant to the Offer. However, if:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Common Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then the Common Shares received upon such exercise, or in the case of clause (b) above, the Common Shares that are not taken up and paid for, may be returned by the Optionee to the Corporation and reinstated as authorized but unissued Common Shares and with respect to such returned Common Shares, the Option shall be reinstated as if it had not been exercised and the terms upon which such Common Shares were to become Vested pursuant to this section shall be reinstated. If any Common Shares are returned to the Corporation under this Section 7.01, the Corporation shall immediately refund the Exercise Price to the Optionee for such Common Shares.

7.02 Acceleration of Expiry Time: If, at any time when an Option granted under the Plan remains unexercised, an Offer is made by an offeror, the Directors may, upon notifying each Optionee of the full particulars of the Offer, declare all Common Shares issuable upon the exercise of Options granted under the Plan, Vested, and declare that the Expiry Time for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Common Shares must be tendered pursuant to the Offer, provided such Offer is completed.

7.03 Compulsory Acquisition or Going Private Transaction: If and whenever, following a take-over bid or issuer bid, there shall be a compulsory acquisition of the Shares of the Company pursuant to Section 300 of the *Business Corporations Act* (British Columbia) or any successor or similar legislation, or any amalgamation, merger or arrangement in which securities acquired in a formal take-over bid may be voted under the conditions described in Section 8.2 of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions*, then following the date upon which such compulsory acquisition, amalgamation, merger or arrangement is effective, an Optionee shall be entitled to receive, and shall accept, for the same exercise price, in lieu of the number of Shares to which such Optionee was theretofore entitled upon the exercise of his or her Options, the aggregate amount of cash, shares, other securities or other property which such Optionee would have been entitled to receive as a result of such bid if he or she had tendered such number of Shares to the take-over bid.

7.04 Effect of a Change of Control: If a Change of Control occurs, all Common Shares subject to each outstanding Option will become Vested, whereupon such Option may be exercised in whole or in part by the respective Optionee.

ARTICLE EIGHT

EFFECTIVE DATE OF PLAN, AMENDMENT OF PLAN AND TERMINATION OF PLAN

Section 8.01 Effective Date of Plan: The Plan is to be implemented and effective upon the approval of the Plan by the shareholders of the Corporation. Such shareholder approval must be given by the affirmative vote of a majority of the Common Shares represented at the meeting of the shareholders of the Corporation at which a motion to approve the Plan is presented.

Section 8.02 Amendment of Plan: The Directors may from time to time, without shareholder approval and subject to applicable law and to the prior approval, if required, of TSX or any other regulatory body having authority over the Corporation or the Plan, suspend, terminate or discontinue the Plan at any time, or amend or revise the terms of the Plan or of any Option granted under the Plan to:

- (a) make amendments of a clerical or typographical nature and to include clarifying provisions in the Plan;
- (b) implement features or requirements that are necessary or desirable under applicable tax and securities laws;
- (c) change vesting provisions;
- (d) change termination provisions for an Insider provided that the Expiry Time does not extend beyond the original Expiry Time under the Plan;

- (f) reduce the Exercise Price of an Option for an Optionee who is not an Insider; and
- (g) implement a cashless exercise feature, payable in cash or securities;

provided that no such amendment, revision, suspension, termination or discontinuance shall in any manner adversely affect any Option previously granted to an Optionee under the Plan without the consent of that Optionee.

Section 8.03 Amendments Requiring Shareholder Approval: Any amendments to the Plan or Options granted thereunder, other than those described in Section 8.02 above, will be subject to the approval of the shareholders. For greater certainty, the Directors may not, without shareholder approval and the prior

approval, if required, of TSX, amend or revise the terms of the Plan or of any Option granted under the Plan to:

- (a) increase the Plan maximum or number of shares reserved for issuance under the Plan;
- (b) grant additional powers to the board of directors to amend the Plan or individual Options without shareholder approval;
- (c) reduce the exercise price of Options or other entitlements held by insiders;
- (d) extend to the term of Options held by insiders; and
- (e) change the insider participation limits to those that would have triggered the requirement for disinterested shareholder approval of the Plan under requirements of the TSX.

Section 8.04 Termination of the Plan: The Plan may be terminated at any time by the Directors. Notwithstanding the termination of the Plan, any Option outstanding under the Plan at the time of termination shall remain in effect until such Option has been exercised, has expired, has been surrendered to the Corporation or has been terminated.

Section 9.04 Exclusion From Severance Allowance, Retirement Allowance or Termination Settlement: If an Optionee retires, resigns or is terminated from employment or engagement with the Corporation or any subsidiary of the Corporation, the loss or limitation, if any, pursuant to the Option Agreement with respect to the right to purchase Option Shares which were not Vested at that time or which, if Vested, were cancelled, shall not give rise to any right to damages and shall not be included in the calculation of nor form any part of any severance allowance, retiring allowance or termination settlement of any kind whatsoever in respect of such Optionee.

Section 9.05 Necessary Approvals: The obligation of the Corporation to grant any Option pursuant to the Plan and to issue, sell and deliver any Common Shares on the exercise of an Option is subject to the approval of any governmental authority or regulatory body required in connection with the grant of such Option or the issue, sale and delivery of such Common Shares by the Corporation. Any Options granted prior to the Corporation's receipt of such required approvals shall be conditional upon such approval being given and no Options may be exercised unless such approval has been given.

In the event that any Common Shares cannot be issued to any Optionee pursuant to the exercise of an Option for any reason whatsoever including, without limiting the generality of the foregoing, the failure to obtain any required approval, then the obligation of the Corporation to issue such Common Shares shall terminate and any money paid to the Corporation in connection with the exercise of such Option shall be returned to the Optionee without interest or deduction.

All actions taken and decisions made by the Committee shall be final, conclusive and binding on all parties concerned, including, but not limited to, the Participants and their beneficiaries and legal representatives, each Designated Subsidiary and the Company. All expenses of administration of the Plan shall be borne by the Company.

13.2 The Company shall keep or cause to be kept such records and accounts as may be necessary or appropriate in connection with the administration of the Plan and the discharge of its duties. At such times as the Company shall determine, the Company shall furnish the Participant with a statement setting forth the details of his or her Share Units including the Grant Date and the Vested Share Units and unvested Share Units held by each Participant. Such statement shall be deemed to have been accepted by the Participant as correct unless written notice to the contrary is given to the Company within 30 days after such statement is given to the Participant.

13.3 The Company may, at its discretion, appoint one or more persons or companies to provide services in connection with the Plan including without limitation, administrative and record-keeping services.

14. BENEFICIARIES AND CLAIMS FOR BENEFITS

14.1 Subject to the requirements of Applicable Law, a Participant may designate in writing a Beneficiary to receive any benefits that are payable under the Plan upon the death of such Participant. The Participant may, subject to Applicable Law, change such designation from time to time. Such designation or change shall be in such form and executed and filed in such manner as the Company may from time to time determine.

15. GENERAL

15.1 The transfer of an Employee from the Company to a Designated Subsidiary, from a Designated Subsidiary to the Company or from a Designated Subsidiary to another Designated Subsidiary, shall not be considered a termination of employment for the purposes of the Plan, nor shall it be considered a termination of employment if a Participant is placed on such other leave of absence which is considered by the Company as continuing intact the employment relationship.

15.2 The Plan shall enure to the benefit of and be binding upon the Company, its successors and assigns. The interest of any Participant under the Plan or in any Share Unit shall not be transferable or assignable other than by operation of law, except, if and on such terms as the Company may permit, to a spouse or minor children or grandchildren or a personal holding company or family trust controlled by a Participant, the sole shareholders or beneficiaries of which, as the case may be, are any combination of the Participant, the Participant's spouse, the Participant's minor children or the Participant's minor grandchildren, and after his or her lifetime shall enure to the benefit of and be binding upon the Participant's Beneficiary, on such terms and conditions as are appropriate for such transferees to be included in the class of transferees who may rely on a Form S-8 registration statement under the Securities Act to sell shares received pursuant to the Share Unit.

15.3 The Company's grant of any Share Units or issuance of any Shares hereunder is subject to compliance with Applicable Law applicable thereto. As a condition of participating in the Plan, each Participant agrees to comply with all Applicable Law and agrees to furnish to the Company or a Designated Subsidiary all information and undertakings as may be required to permit compliance with Applicable Law.

15.4 A Participant shall not have the right or be entitled to exercise any voting rights, receive any distribution or have or be entitled to any other rights as a Shareholder in respect of any Share Units.

15.5 Neither designation of an Employee as a Participant nor the grant of any Share Units to any Participant entitles any Participant to the grant, or any additional grant, as the case may be, of any Share Units under the Plan. Neither the Plan nor any action taken thereunder shall interfere with the right of the Company or a Designated Subsidiary to terminate a Participant's employment, or service under contract, at any time. Neither any period of notice, if any, nor any payment in lieu thereof, upon termination of employment, wrongful or otherwise, shall be considered as extending the period of employment for the purposes of the Plan.

15.6 Participation in the Plan shall be entirely voluntary and any decision not to participate shall not affect any Employee's employment or any consultant's contractual relationship with the Company or a Designated Subsidiary.

15.7 The Plan shall be an unfunded obligation of the Company. Neither the establishment of the Plan nor the grant of any Share Units or the setting aside of assets by the Company (if, in its sole discretion, it chooses to do so) shall be deemed to create a trust. The right of the Participant or Beneficiary to receive payment pursuant to the Plan shall be no greater than the right of other unsecured creditors of the Company.

15.8 This Plan is established under the laws of the Province of British Columbia and the rights of all parties and the construction of each and every provision of the Plan and any Share Units granted hereunder shall be construed according to the laws of the Province of British Columbia.

In addition, the following will apply to the extent that a Participant's Share Units are subject to Section 409A.

- (a) Except as permitted under Section 409A, any Share Units, or payment with respect to Share Units, may not be reduced by, or offset against, any amount owing by the Participant to the Company or any Designated Subsidiary.
- (b) If a Participant otherwise would become entitled to receive payment in respect of any Share Units as a result of his or her ceasing to be an Employee, an Eligible Consultant or director upon a Termination Date, any payment made on account of such person ceasing to be an Employee or Eligible Consultant shall be made at that time only if the Participant has experienced a "separation from service" (within the meaning of Section 409A).
- (c) If a Participant is a "specified employee" (within the meaning of Section 409A) at the time he or she otherwise would be entitled to payment as a result of his or her separation from service, any payment that otherwise would be payable during the six-month period following such separation from service will be delayed and shall be paid on the first day of the seventh month following the date of such separation from service or, if earlier, the Participant's date of death.
- (d) A Participant's status as a specified employee shall be determined by the Company as required by Section 409A on a basis consistent with the regulations under Section 409A and such basis for determination will be consistently applied to all plans, programs, contracts, agreements, etc. maintained by the Company that are subject to Section 409A.
- (e) Each Participant, any beneficiary or the Participant's estate, as the case may be, is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on or for the account of such Participant in connection with this Plan (including any taxes and penalties under Section 409A), and neither the Company nor any Designated Subsidiary or affiliate shall have any obligation to indemnify or otherwise hold such Participant or beneficiary or the Participant's estate harmless from any or all of such taxes or penalties.

- (f) If and to the extent that Share Units would otherwise become payable upon a Change of Control as defined in the Plan, such payment will occur at that time only if such change of control also constitutes a “change in ownership”, a “change in effective control” or a “change in the ownership of a substantial portion of the assets of the Company” as defined under Section 409A and applicable regulations (a “409A Change in Control”). If a Change of Control as defined in the Plan is not also a 409A Change in Control, unless otherwise permitted under Section 409A the time for the payment of Share Units will not be accelerated and will be payable pursuant to the terms of the Plan and applicable Grant Agreement as if such Change of Control had not occurred.
- (g) In the event that the Committee determines that any amounts payable under the Plan will be taxable to a Participant under Section 409A prior to payment to such Participant of such amount, the Company may (i) adopt such amendments to the Plan and Share Units and appropriate policies and procedures, including amendments and policies with retroactive effect, that the Committee determines necessary or appropriate to preserve the intended tax treatment of the benefits provided by the Plan and Grant Agreement and/or (ii) take such other actions as the Company determines necessary or appropriate to avoid or limit the imposition of an additional tax under Section 409A.
- (h) In the event the Company terminates the Plan in accordance with Section 12.3, the time and manner of payment of amounts that are subject to 409A will be made in accordance with the rules under Section 409A. The Plan will not be terminated except as permitted under Section 409A. No change to the termination provisions of Share Units or the Plan pursuant to Section 12.2(d) will be made except as permitted under Section 409A.

- (g) any other amendment, fundamental or otherwise, not requiring shareholder approval under Applicable Laws;

provided, however, that:

- (h) no such amendment of the Plan may be made without the consent of each affected Participant in the Plan if such amendment would adversely affect the rights of such affected Participant(s) under the Plan; and
- (i) shareholder approval shall be obtained in accordance with the requirements of the TSX for any amendment:
 - (i) to increase the DSU Limit;
 - (ii) to Section 7.1;
 - (iii) to the definition of “Participant”;
 - (iv) to remove or exceed the Insider Limit; or
 - (v) to the definition of Share Price benefitting an Insider.

7.2 **Plan Termination**

The Committee may decide to discontinue granting awards under the Plan at any time in which case no further Deferred Share Units shall be awarded or credited under the Plan. Any Deferred Share Units which remain outstanding in a Participant's Account at that time shall continue to be dealt with according to the terms of the Plan. The Plan shall terminate when all payments owing pursuant to Section 4.2 of the Plan have been made and all Deferred Share Units have been cancelled in all Participants' Accounts

8. GENERAL PROVISIONS

8.1 **Withholding**

The Company may withhold from any amount payable to a Participant, either under this Plan, or otherwise, such amount as may be necessary so as to ensure that the Company will be able to comply with the applicable provisions of any federal, provincial, state or local law relating to the withholding of tax or other required deductions, including on the amount, if any, includable in the income of a Participant. The Company shall also have the right in its discretion to satisfy any such withholding tax liability by retaining, acquiring or selling on behalf of a Participant any Common Shares which would otherwise be issued or provided to a Participant hereunder.

8.2 **Assignability**

No right to receive payment of DSUs and other benefits under the Plan shall be transferable or assignable by a Participant except by will or laws of descent and distribution.

8.3 **Unfunded Plan**

Unless otherwise determined by the Committee, the Plan shall be unfunded. To the extent any Participant or his or her estate holds any rights by virtue of a grant of Deferred Share Units under the Plan, such rights (unless otherwise determined by the Committee) shall be no greater than the rights of an unsecured creditor of the Company.

8.4 **Final Determination**

Any determination or decision by or opinion of the Committee made or held pursuant to the terms of the Plan shall be final, conclusive and binding on all parties concerned. All rights, entitlements and obligations of Participants under the Plan are set forth in the terms of the Plan and cannot be modified by any other documents, statements or communications, except by Plan amendments referred to in Section 7.1 of the Plan.

8.5 **No Right to Employment**

Participation in the Plan shall not be construed to give any Participant a right to be retained as a Director.

8.6 **No Other Benefit**

No amount will be paid to, or in respect of, a Participant under the Plan to compensate for a downward fluctuation in the price of Common Shares nor will any other form of benefit be conferred upon, or in respect of, a Participant for such purpose.

8.7 **No Shareholder Rights**

Under no circumstances shall Deferred Share Units be considered Common Shares nor shall they entitle any Participant to exercise voting rights or any other rights attaching to the ownership of Common Shares nor shall any Participant be considered the owner of Common Shares by virtue of the award of Deferred Share Units.

8.8 **Reorganization of the Company**

The existence of any Deferred Share Units shall not affect in any way the right or power of the Company or its shareholders to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, or any amalgamation, combination, merger or consolidation involving the Company or to create or issue any bonds, debentures, shares or other securities of the Company or the rights and conditions attaching thereto or to affect the dissolution or liquidation of the Company or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar nature or otherwise.

8.9 **Successors and Assigns**

The Plan shall be binding on all successors and assigns of the Company.

8.10 **General Restrictions and Assignment**

Except as required by law, the rights of a Participant under the Plan are not capable of being assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the Participant.

8.11 **Section 409A**

It is intended that the provisions of this Plan comply with Section 409A, and all provisions of this Plan shall be construed and interpreted in a manner consistent with the requirements for avoiding taxes or penalties under Section 409A. Notwithstanding anything in the Plan to the contrary, the following will apply with respect to the rights and benefits of U.S. Eligible Participants under the Plan:

- (a) Except as permitted under Section 409A, any deferred compensation (within the meaning of Section 409A) payable to or for the benefit of a U.S. Eligible Participant may not be reduced by, or offset against, any amount owing by the U.S. Eligible Participant to the Company or any of its affiliates.
- (b) If a U.S. Eligible Participant becomes entitled to receive payment in respect of any Deferred Share Units as a result of his or her "separation from service" (within the meaning of Section 409A), and the U.S. Eligible Participant is a "specified employee" (within the meaning of Section 409A) at the time of his or her separation from service, and the Committee makes a good faith determination that (i) all or a portion of the Deferred Share Units constitute "deferred compensation" (within the meaning of Section 409A) and (ii) any such deferred compensation that would otherwise be payable during the six-month period following such separation from service is required to be delayed pursuant to the six-month delay rule set forth in Section 409A in order to avoid taxes or penalties under Section 409A, then payment of such "deferred compensation" shall not be made to the U.S. Eligible Participant before the date which is six months after the date of his or her separation from service (and shall be paid in a

single lump sum on the first day of the seventh month following the date of such separation from service) or, if earlier, the U.S Eligible Participant's date of death.

- (c) A U.S. Eligible Participant's status as a specified employee shall be determined by the Company as required by Section 409A on a basis consistent with the regulations under Section 409A and such basis for determination will be consistently applied to all plans, programs, contracts, agreements, etc. maintained by the Company that are subject to Section 409A.
- (d) Each U.S Eligible Participant, any beneficiary or the U.S Eligible Participant's estate, as the case may be, is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on or for the account of such U.S Eligible Participant in connection with this Plan (including any taxes and penalties under Section 409A), and neither the Company nor any affiliate shall have any obligation to indemnify or otherwise hold such U.S Eligible Participant or beneficiary or the U.S Eligible Participant's estate harmless from any or all of such taxes or penalties.
- (e) In the event that the Committee determines that any amounts payable hereunder will be taxable to a Participant under Section 409A prior to payment to such Participant of such amount, the Company may (i) adopt such amendments to the Plan and Deferred Share Units and appropriate policies and procedures, including amendments and policies with retroactive effect, that the Committee determines necessary or appropriate to preserve the intended tax treatment of the benefits provided by the Plan and Deferred Share Units hereunder and/or (ii) take such other actions as the Committee determines necessary or appropriate to avoid or limit the imposition of an additional tax under Section 409A.
- (f) In the event the Company terminates the Plan in accordance with Section 7, the time and manner of payment of amounts that are subject to 409A will be made in accordance with the rules under 409A. The Plan will not be terminated except as permitted under 409A.

8.12 Forfeiture Provision

If a Participant is subject to tax under the Income Tax Act (Canada) and also is a U.S. Eligible Participant with respect to DSUs, the following special rules regarding forfeiture of such Deferred Share Units will apply if the Participant's DSUs are subject to Section 409A. For greater clarity, these forfeiture provisions are intended to avoid adverse tax consequences under Section 409A and/or under paragraph 6801(d) of the regulations under the Income Tax Act (Canada), that may result because of the different requirements as to the time of settlement of Deferred Share Units with respect to a Participant's "separation from service" (within the meaning of Section 409A) ("Separation From Service") and his retirement or loss of office (under tax laws of Canada). If a Participant otherwise would be entitled to payment of DSUs in any of the following circumstances, such DSUs shall instead be immediately and irrevocably forfeited (for greater certainty, without any compensation therefore):

- (a) a Participant experiences a Separation From Service as a result of a permanent decrease in the level of services provided to less than 20% of his past service in circumstances that do not constitute a retirement from, or loss of office or employment with, the Company or an affiliate thereof, within the meaning of paragraph 6801(d) of the regulations under the Income Tax Act (Canada); or
- (b) a Participant experiences a Separation From Service upon ceasing to be a director while continuing to provide services as an employee in circumstances that do not constitute a retirement from, or loss of office or employment with, the Company or an

affiliate thereof, within the meaning of paragraph 6801(d) of the regulations under the Income Tax Act (Canada); or

- (c) a Participant experiences a serious disability that continues for more than 29 months in circumstances that constitute a Separation from Service and do not constitute a retirement from, or loss of office or employment with, the Company or an affiliate thereof, within the meaning of paragraph 6801(d) of the regulations under the Income Tax Act (Canada); or
- (d) a Participant experiences a retirement from, or loss of office or employment with, the Company or an affiliate thereof, within the meaning of paragraph 6801(d) of the regulations under the Income Tax Act (Canada) by virtue of ceasing employment as both an employee and as a director, but he continues to provide services as an independent contractor such that he has not experienced a Separation From Service.
